

Sugarcube Apartments & Honeycomb Terraces is the flagship Sydney project which was had an award-winning team of highly experienced professionals to create an iconic Sydney residential landmark of the highest quality. This project was managed by Keshab SUBEDI

These stunning apartments and terraces are completed on time to the finest architectural touches. The visually stunning Townhouse present a rare symphony of stylish design and modern practicality, offering luxury comforts with all the trimmings. With exquisite architectural work and designer detail reflected at every level, the brilliantly curvaceous exterior and stately bronze façade hint at the grandeur within. Inspired by old-world glamour and nouveau prestige, the development welcomes a new era for urban luxury living.
